Dear Sue

Thank you for your letter advocating for the repeal of laws mandating the wearing of helmets by cyclists.

As you have noted, such laws have been imposed by States rather than the Federal Government thus repeal of them is a matter for the respective States to determine.

That said, whilst we recognise your right to your opinion, it is not one that the Greens MPs share. Consequently they would not support any initiative to bring about the change you seek.

Yours sincerely

John Dodd
Electorate Officer
Senator Bob Brown
